

Marycrest's Excellent Quality Recognized

Marycrest continues to provide high-quality care and was recognized by the Centers for Medicare and Medicaid with a 5-star rating. Centers with 5 stars are considered to have much above average quality of care. The national average is 3.32 stars. We are grateful to our staff who provide this loving care to our residents day after day!

Marycrest staff was recently recognized by the Health Services Advisory Group for completing an extensive Infection Prevention and Control Train-the-Trainer Workshop and was recognized as among the top 7 percent of California nursing homes to complete all four sessions. This training builds Infection Prevention and Control expertise among Marycrest's staff.

A New Season at Marycrest

Since 2002, the Carmelite Sisters have been a constant presence at Marycrest, serving alongside dedicated lay staff to provide care for our residents. For the 2023-24 Apostolic year, 8 Sisters will serve at Marycrest. Sisters newly assigned to Marycrest for this year are Sister Mary Joanne, serving in Pastoral Care, and Sister Maria Augustine, a registered nurse.

New Windows and Screens for Our Residents

Through the generosity of donors, Marycrest recently replaced the windows, screens and sliding doors for residents in the Marycrest wing, as well as lounge windows.

Jesuit Novices Serving at Marycrest

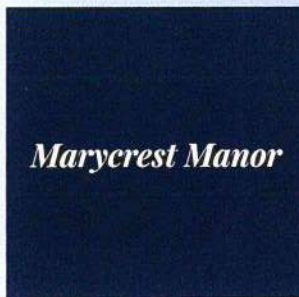

Each year, Marycrest is blessed by the presence of Jesuit Novices, who serve our residents twice a week as part of their pastoral formation. Their warm presence is a blessing. Below are a few words about them.

Robert MacArthur 1st Year Novice for the Central & Southern Province of the Society of Jesus. From Columbia, Tennessee, Robert has a bachelor's in biomedical engineering and theological studies from Saint Louis University, where he was a cadet in the Air Force ROTC.

Andru Zodrow 1st Year Novice for the Western Province. From Spokane, Washington, Andru graduated from Gonzaga Preparatory School in Spokane and earned bachelor's degrees in political science and theology from Seattle University.

Marycrest Manor offers short-term and long-term skilled nursing care respecting the dignity of all persons and recognizing the richness of the wisdom and the experience that comes with advanced years.

We are committed to advancing the Culture of Life from natural conception to life's natural end with a profound respect for the dignity of each person at every stage of the human experience.

Marycrest Manor strives to reflect the compassionate love and mercy of God while providing comprehensive and quality services to all residents regardless of race, color, creed, national origin or financial status.

Marycrest Manor is at the service of the family for life. We further define this mission to include the following specific goals:

- To provide short-term and long-term skilled nursing care with the compassionate Heart of Christ
- To promote the dignity of life at all stages in the care we provide to our residents, families, visitors and co-workers
- To manage our financial resources responsibly and prudently in order to provide high-quality skilled nursing care
